In the garden of human connection,
hospitality blossoms like a radiant flower,
offering its petals of comfort
and grace to all who enter

WGH Hotels & Resorts Pvt. Ltd. traces its origins back to the World Group, a family-owned business with a rich history spanning almost four decades, starting with ventures in the mining industry. The allure of Kerala, often called 'God's Own Country,' led the Group to explore opportunities in tourism. In 2012, they entered the tourism and hospitality sector by acquiring World Backwaters Alleppey.

Under the World Group Heritage (WGH) banner, the company now owns and manages properties in two prominent Idukki District tourism destinations: The Tall Trees in Munnar and Poetry Resort in Thekkady. WGH is also set to unveil a new Five-Star property in Kochi by December 2023 and is actively expanding into the Middle East and Africa.

The Tall Trees Resort, nestled in the lap of the Kerala region of the Western Ghats, known as one of the world's most biodiverse hotspots, is a haven of tranquillity. Here, 600 towering trees stand preserved within the 66-acre expanse of shola forest. Among this natural beauty, 26 charming cottages harmoniously blend into the surroundings, where cooling breezes, lush greenery, mellifluous birdsong, and cosy comfort abound.

Each cottage exudes the essence of traditional Kerala style and themes, seamlessly integrating modern amenities to ensure both security and relaxation. The thoughtful spacing between these cottages, draped in thick vegetation, guarantees an unspoiled environment and ample privacy for visitors.

A culinary delight awaits at Hill Spice Restaurant, where traditional delicacies take centre stage. Housed in a spacious hall adorned with a glass roof and a sweeping balcony amidst treetops and avian symphonies, this establishment offers dishes crafted from organic, freshly sourced ingredients. From classic Kerala specialties to beloved South Indian, North Indian, and Continental fare, an array of flavours tempts the palate. Enchanting candlelit dinners beneath the moon's glow become unforgettable memories. Additionally, Café Elaichi beckons, offering the unique experience of dining in huts beneath the verdant canopy of towering trees, complete with fireside activities.

Tailored packages cater to every budget and inclination, including options like Honeymoon Packages, Shola Experiences, and Ayurveda Packages, among other seasonal offerings. Abundant amenities ensure that even the most discerning guest is satisfied: a temperature-controlled swimming pool featuring a Jacuzzi, an amphitheatre, a recreation centre, a children's play area, and wellness treatments, including Ayurveda. For the adventurous, an extra-long swing dangles from an exceptionally tall tree, while indoor and outdoor game facilities, trekking paths, a gym, and more exceed all expectations.

Munnar

Perched atop the Western Ghats mountain ranges, at an elevation of approximately 1600 meters, lies the consistently cool haven of Munnar, renowned as one of the premier hill stations in South India. Nestled within the Devikulam Taluk of the Idukki district in Kerala, Munnar is an enticing destination and often hailed as the 'Kashmir of South India.' The name 'Munnar' translates to 'three rivers,' reflecting its position at the confluence of three waterways: Mudhirapuzha, Nallathanni, and Kundala.

Tourists revel in the picturesque vistas of rolling hills and valleys, encounter rare species of animals, birds, and butterflies, delight in the meticulously maintained tea gardens, procure spices from the acclaimed 'spice capital of the world,' partake in aquatic sports on lakes, engage in trekking and climbing adventures, and relish the invigorating coolness that envelops the region.

Thekkady

Thekkady, located in the Idukki District of Kerala State, borders the renowned Periyar National Park and Wildlife Sanctuary, Periyar Lake, and Periyar Tiger Reserve. Alleppey

The backwaters of Alleppey emerge as a captivating draw for both domestic and international tourists. This labyrinth of backwaters, canals, lagoons, and beaches prompted George Curzon, the Viceroy of India in the early 20th century, to christen the place the "Venice of the East." It is the lowest point in the land mass of the subcontinent.
